

Dear Volleyball Enthusiast:

I wanted to thank you for choosing one of the UW-Oshkosh volleyball camps this summer. I strongly believe that we offer some of the best camps in the Midwest giving individualized attention in and out of the gym. Word of mouth is crucial for camp success and I believe that we have a reputation for giving each camper a great experience.

Get ready to work hard, have fun and most of all learn a ton about the sport you love. Last year we had over 900 boys and girls over the summer attend six different camps with each being unique on what was offered. Although we have one of the highest attendances for a NCAA Division III school, I honestly believe that get to know each camper by their first name!

Now that you have registered I would recommend trying to find a couple of friends to attend with you. It has been my experience that not only do you make memories in the gym, but also goofing around in the dorm, enjoying ice cream in the cafeteria and perhaps laughing at somebody who does a belly flop into the pool. What better way to experience those things than with a few of your pals and teammates!

Further, our dorms are air-conditioned and have a refrigerator, freezer and microwave for planning purposes. You will be getting an e-mail about two weeks before your camp begins with information about check-in, check-out and parking. If you have any questions please do not hesitate to call my office phone number at 920-424-1392, or e-mail me at [ellmannj@uwosh.edu](mailto:ellmannj@uwosh.edu).

Go Titans and we will see you this summer!

Coach Ellmann
